

INTERIOR NOTES: HANSE 400

Using computer-assisted design allows Hanse to offer a variety of interior layouts to suit a wide range of preferences. The one pictured above might be considered the club-racer version, lacking in good sea berths but provided with a

spacious saloon for post-race socializing. The Hanse 400's limited stowage and builder-grade galley is not well-suited for liveaboard sailing, but its interior is perfectly comfortable for summer cruising.
